- Arts Access funding is designated for arts creation, production, presentation of high-quality, accessible activities that help instill the arts into the community and public life in our region. Eligible grant proposals must display a commitment to reaching wider audiences through providing new and/or expanded arts programming to residents of our region's counties, and/or by supporting accessibility initiatives through the project. Eligible proposals must show dedication to removing barriers that audiences may have to accessing arts activities.
- Open to non-profits, arts organizations, arts affiliates, schools (*parochial schools are ineligible*), community education programs, institutions of higher learning, local city, town, or county government offices, tribal entities, or groups formed for nonprofit purposes with a fiscal sponsor in Beltrami, Hubbard, Clearwater, Lake of the Woods, or Mahnomen Counties. Funds can be used for a variety of arts projects and programming including costs associated with public art, arts festivals, engagement of guest artists, arts field trips, workshops, exhibitions, presentations, or performances.
- Arts activities proposed for funding must be open to the public (not exclusively serving faculty, staff, students, board or organization membership) and benefit the residents of Beltrami, Hubbard, Clearwater, Lake of the Woods, or Mahnomen Counties.
- Supported with funds from the Clean Water, Land, and Legacy Amendment made possible by the voters of Minnesota in 2008.
